*A web-based interactive*

*Application*

*for students, teachers, admin & parents*

**BROCHURE**

# E-school Management System

Caloris Planitia Technologies is proud to introduce its E-School Management System to you.

E-School Management System is a comprehensive web-based School Management Software. It is designed for better interaction between students, teachers, parents & management. This management software very gracefully handles all the requirements for easy school management.

The software being web based **can be accessed from anywhere in the world**, which enables the students, teachers, parents & the management be in touch with each other at all times.

For more details please visit:

<http://www.calorisplanitia.com/e-school-management-system.aspx>

Please note that this software has been developed exclusively for simplifying school management procedures. Considering large demand from various school managers this work was undertaken.

The last years have seen fundamental changes taking place in education. A rapid development and versatile use of the Web requires appropriate means for presenting both school management process and learning process. Here, an approach to atomize academic administration and the learning process is illustrated by the scalable and efficient platform, highly optimized for the use at schools and universities.

## Main Features:

View/Take Attendance

Report Cards

Online Fee details

School time-table

Assignments

Homework

Tutorials

School Holidays List

Student/Teachers Profile

School Bus details

Online leave application

Books/ apparels online

School Dress Kits

Discussion Forum

Internal Messaging System

School Website

School/Class Notices

If you have any queries please contact us via

<http://www.calorisplanitia.com/e-school-management-system.aspx>

## **E-school** Management System

*The parents of students are very busy now a days, this school management system helps the parents monitor their children from anywhere. They can check their children's academic performance from a remote location. They can also deposit the school fees, bus fees etc., using online secured payment integrated with this application (online payment available with pro version).*

*Using this school management system the users can see the students class attendance in various formats, day-wise, monthly attendance, session or total attendance.*

*Marks or report card can be viewed or added.*

*Assignment's & homework' s can be viewed or posted using this application.*

*Online leave applications can also be filed by students which gets viewed when the teachers take the daily attendance*

*Books, apparels & other essential items can be bought online using the online shopping cart included with the school management system (online purchasing available in pro version).*

*School and class notices can also be posted using this application  
The School Management System also has a built in forum which develops an online student teacher community over the net, sharing each others ideas.*

**View Online Demo at:**

Physical Education		9	15	19	20	10	80	153	76.50
Grand Total							1025	73.21%	
Result:							PASS		

### Homework

Homework can be created with the help of a rich-text editor tool or a file can be uploaded having the homework. Students can view the list of available homework for them & can view or download them & complete the homework by the due date.

### Exam schedules

Exam schedules can be posted on the system so that students/parents & teachers can view all the list of exams/tests scheduled. These can be created online on the system or the list can be uploaded to the server.

# E-school Management System

## MAIN FEATURES OF THE SYSTEM

### Bus/Schedule

This section shows the list of buses available, their routes with maps & bus schedules. A GPRS enabled school-bus tracking system can also be added to this system for real-time tracking of the school-bus (students/children).

\* will be available in future, needs GPRS devices to be installed on the bus.

### Holidays

This shows the list of available holidays for the school. Students/Parents/Teachers can view the holidays.

List of Holidays:		
	Event	Date
*	Christmas Day	25/12/2006
*	Today is My Brithday...so its a holiday	7/8/2006
*	s	23/8/2006
*	test	1/8/2006
*	test	1/8/2006
*	dsf	30/7/2006
*	Basant Panchami	1/2/2004
*	Republic Day	26/1/2004
*	Makar Sankranti	14/1/2004
*	Lohri	13/1/2004

### Message Board

A full-featured message-board/forum is there in the system which enables students, teachers, principal & parents to create an online community & discuss their views, thoughts & ideas on various topics. These forums are monitored by the admin. An abusive language filter is installed which restricts the use of abusive content on the forums.

# E-school Management System

## MAIN FEATURES OF THE SYSTEM
